General clean ^{Industry} 2/22/95

9:45 Arrive on site

David Henderson EE

Owner/Operator - Nathan Roemer

Victor Ho EPA

Operational History - not sure when began?

Tim Callaway
David Henderson EE

Size of site - 5 Acres Area 13167.08 sq ft

Ken Zollner czyk TOSCA

Lat/Long -

Adam Labkow General Iron

1109 N Clifton Ave. St. 60614 (708) 358-7920 Ken Savage Illinois Pesticide

Cook County

Sources.

Waste types

quantifiers

Hazardous substance present include metals, PCB. Done through cities samples. One composite sample of PCB was found.

Ground water use and characteristics

Surface water use and characteristics

- Chicago River: Plan to take sediment samples.

Soil Exposure characteristics

of people living w/in 200 ft. -

Schools or day care ?

Population w/in 1 mile -

Number of workers at Facility -

Sensitive Environments -

Testing for PCB + Metals

Scrap yard.

Crusher + Shredders to fragmentize scrap.

2 shredders

other sites

1066 W. North Ave other Facility

1441 W. Magnolia - loading facility

Ferrous - scrap - is taken to another yard to get sent to steel CO.

~~copper by product~~ nonFerrous is separated + sold

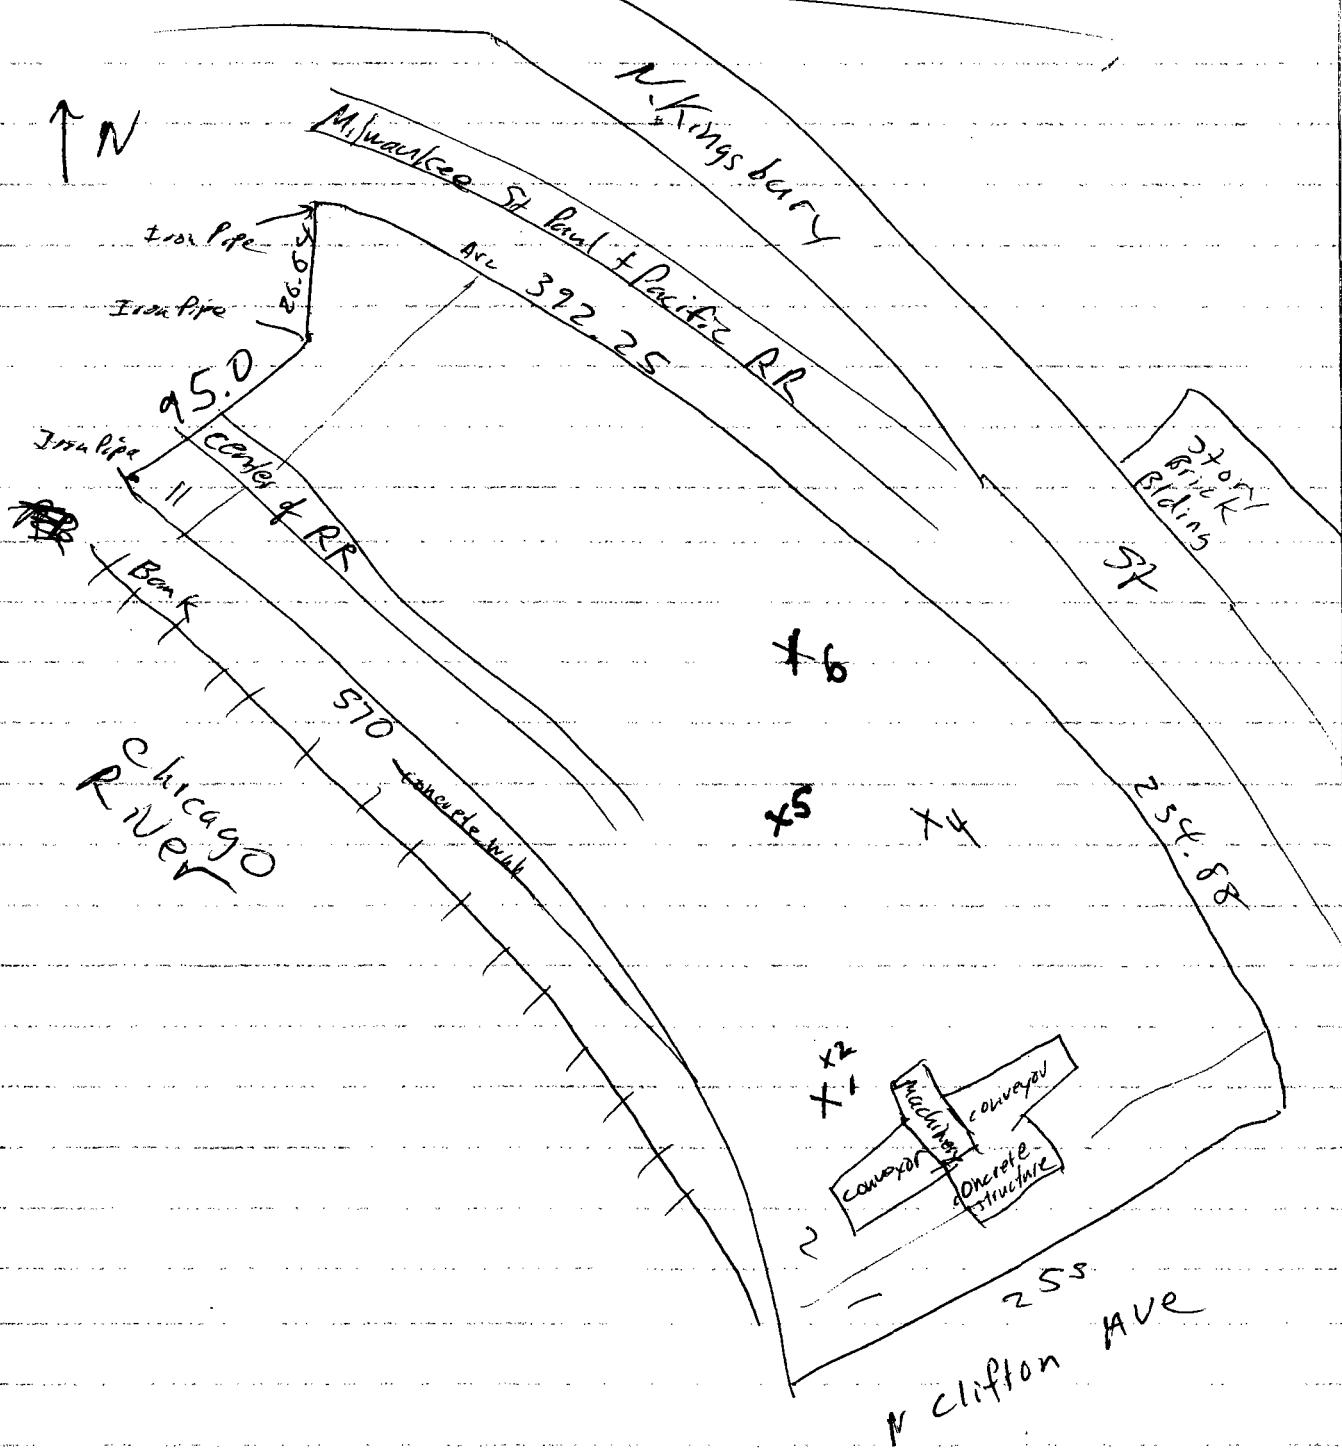

hand sorted + sell as segregated metal.

what is not sold is sold to another

CO. ~~Huron~~ Huron Valley Steel for further

seperation, Bellvue MI

W. Cortland

- Radioactive detection & some environmental awareness
 - Buy any type of iron
 - claims to have training for workers & customers
- NO AC, Microwave, Transformers, receive very few Auto.
because of fluff & waste products

4 loads / day of fines.

fines - go to landfill in Joliet

Copper content in fines is not high enough to process

Weekly fines that go out 30 truck loads est.

a!

Control of piles -

There is a berm set up by the river.

No sample done on fines as they go out
Any sampling done on landfill.

Did not know if sampling of landfill was done daily? weekly?

Minimal dealings with other scrap dealers.

Use Minimill -

- 1 Fine sample in 16th metal bucket to S. 01
Splitting w/ TOSCA-sample for PCBs K S 01
K S 01
- 2 50 ft. from #1 12:15 K S-02
